## St Kilda Residential Zone Plan Change Review, Cambridge, NZ

### Client

Waipa District Council.

### Project

Technical review on behalf of Waipa District Council for a proposed 280-lot subdivision near Cambridge. Key issues included the water quality and economic effects of proposed stormwater ponds, stormwater discharge into a nearby stream subject to winter flooding extending on to the development site, the impact of development on Council's water supply and wastewater infrastructure and a geotechnical site assessment.

### Services provided

- Technical review of stormwater proposal
- Water supply modelling
- Wastewater network modelling
- Review of geotechnical issues
- Hearing attendance and presentation.
